- 
 about 17 minutes ago Thanks for encouraging chat [#hsbloggers](#)
- 
 about 17 minutes ago Online timer just went off-Gotta go teach my "Put Christ Back in Christmas" workshop-Doing it again tonight at 9pm if interested [#hsbloggers](#)
- 
 about 18 minutes ago [@kris\\_wuhsmom](#) [@WriteShop](#) Oh, I'm tellin' ;-) [#hsbloggers](#)
- 
 about 18 minutes ago [@Meet\\_Penny](#) However, aweber starts at 19.95/month . We're under grandfather pricing plan since we started yrs ago [#hsbloggers](#)
- 
 about 19 minutes ago [@hsblogging](#) I've been checking lately b/c I experimented w/a pin on Pinterest but normally I never look until asked re:numbers. [#hsbloggers](#)
- 
 about 19 minutes ago [@hsblogging](#) A8: ummm... lol. I know I should pay more attention, but I'm bad about prioritizing email subs! [#hsbloggers](#)
- 
 about 20 minutes ago [@Meet\\_Penny](#) aweber has option for RSS feed and regular email subscription. When you email, you can include/exclude lists [#hsbloggers](#)
- 
 about 20 minutes ago [@apichea](#) Most emails that I receive are set that way as well. Much better for me! [#hsbloggers](#)

- [about 21 minutes ago](#) Q8: How often do you look at your email list analytics? Do you monitor opens/clicks/subs/unsubs? What can learn from these? [#hsbloggers](#)

- [about 21 minutes ago](#) [@kerrybeck](#) Mailchimp does not do RSS, correct? Who do you use for that? [#hsbloggers](#)

- [about 21 minutes ago](#) [@Kris\\_WUHSMom](#) [@2\\_to\\_1](#) My lips are sealed! [#hsbloggers](#)

- [about 21 minutes ago](#) [@kerrybeck](#) no problem! :) [#hsbloggers](#)

- [about 21 minutes ago](#) [@WriteShop](#) I think I have mine set to the post title, unless there are multiple posts in one email - then it's more generic [#hsbloggers](#)

- [about 21 minutes ago](#) [@apichea](#) Good to know! [#hsbloggers](#)

- [about 21 minutes ago](#) [@WriteShop](#) [@2\\_to\\_1](#) That's why y'all are my favorites. Shhh...don't tell. ;-) [#hsbloggers](#)

- [about 22 minutes ago](#) Good pt RT [@WriteShop](#) Otherwise, I have to open the email to see if I'm even interested in the topic of that post. Make sense? [#hsbloggers](#)

- [about 22 minutes ago](#) [@apichea](#) Thanks. I'll let others know. For now, I'm sticking with what we have [#hsbloggers](#)

- [about 22 minutes ago](#) [@kerrybeck](#) Good to know about mail chimp. Definitely need to start out free:) [#hsbloggers](#)

- [about 22 minutes ago](#) [@kerrybeck](#) I think Feedblitz does the RSS and sends a notice to email subscribers. [#hsbloggers](#)

- [about 22 minutes ago](#) [@WriteShop](#) Otherwise, I have to open the email to see if I'm even interested in the topic of that post. Make sense? [#hsbloggers](#)

- [about 23 minutes ago](#) I have to run, but this is definitely something I need to think about. Thank for the info. [#hsbloggers](#)

-  [about 23 minutes ago](#) So I am still on blogger, should I stick to feed burner since its preinstalled, or look into another service? [#hsbloggers](#)
-  [about 23 minutes ago](#) [@hsblogging](#) I have not experimented with times but mine goes out at 3:30 PM CST. [#hsbloggers](#)
-  [about 23 minutes ago](#) [@kerrybeck](#) [@Meet Penny](#) if you need email tech help, I'm available for hire :) [#hsbloggers](#)
-  [about 23 minutes ago](#) [@apichea](#) Yes. "Blog Post Title" as opposed to "Posts from Homeschool Susie." [#hsbloggers](#)
-  [about 24 minutes ago](#) [@hsblogging](#) A7: currently have daily email set to mail 7-10am ET w/ previous day's post... thinking about experimenting tho [#hsbloggers](#)
-  [about 24 minutes ago](#) RT [@apichea](#): [@meet penny](#) it's easy to transfer your email list from feedburner to mailchimp - simple download/upload! [#hsbloggers](#)
-  [about 24 minutes ago](#) [@Meet Penny](#) We started w/ email subscription back in 2004 before I understood RSS [#hsbloggers](#)
-  [about 24 minutes ago](#) I have so much to learn... ahhh [#hsbloggers](#)
-  [about 25 minutes ago](#) [@Meet Penny](#) I don't know. Does feedblitz transfer everyone over for you? [#hsbloggers](#)
-  [about 25 minutes ago](#) [@writeshop](#) in the email subject line? [#hsbloggers](#)
-  [about 25 minutes ago](#) [@Meet Penny](#) It may still take time to get everyone to subscribe. If you have 2K on RSS, not all will choose email sub [#hsbloggers](#)
-  [about 25 minutes ago](#) [@meet penny](#) it's easy to transfer your email list from feedburner to mailchimp - simple download/upload! [#hsbloggers](#)

- 
 • [about 26 minutes ago](#) Q6 (Full or partial feed): I like when emails include the post's subject line. Seems like a no-brainer, but some don't. [#hsbloggers](#)
- 
 • [about 26 minutes ago](#) Running late today. Hello Everyone. [#HSBloggers](#)
- 
 • [about 26 minutes ago](#) Q7: What time of day does your daily email to subscribers go out? Have you tested open/click rates for various times? [#hsbloggers](#)
- 
 • [about 26 minutes ago](#) [@kerrybeck](#) I am over 2K. Do you know if they will transfer like with Feedblitz? [#hsbloggers](#)
- 
 • [about 26 minutes ago](#) I need to figure out how to change to full-feed. [#hsbloggers](#)
- 
 • [about 27 minutes ago](#) [@Meet Penny](#) We use infusion & aweber, which aren't free. Mail chimp has free version up to 2K. [#hsbloggers](#)
- 
 • [about 27 minutes ago](#) [@ordinary\\_mom](#) thanks for joining us! :) [#hsbloggers](#)
- 
 • [about 27 minutes ago](#) totally agree RT [@Meet Penny](#): [@hsblogging](#) Im a full-feed. I unsubscribe to partials. I dont have time for games [#hsbloggers](#)
- 
 • [about 27 minutes ago](#) Ugh... Our appt ran late...this I am too...how is everyone today? [#Hsbloggers](#)
- 
 • [about 28 minutes ago](#) [@Meet Penny](#) You may want to experiment with types of ads v click through rates before you use a paid service, to max your profit [#hsbloggers](#)
- 
 • [about 28 minutes ago](#) [@hsblogging](#) I need to scoot, but this have given me something to think about as I work on strategies & goals for the next yr! [#hsbloggers](#)
- 
 • [about 28 minutes ago](#) [@hsblogging](#) A6: I send full feed in daily email and partial feed {teaser summary} in weekly newsletter [#hsbloggers](#)
- 
 • [about 28 minutes ago](#) [@hsblogging](#) I'm a full-feed. I unsubscribe to partials. I don't have time for games and figure my readers don't either. [#hsbloggers](#)

- [about 29 minutes ago](#) [@kerrybeck](#) Who do you use? [#hsbloggers](#)

- [about 29 minutes ago](#) Q6: In your daily emails to subscribers, do you send out full feed {all the post} or partial feed {post teaser}? Pros and cons? [#hsbloggers](#)

- [about 29 minutes ago](#) [@hsblogging](#) I just have it on my sidebar under my social media icons. [#hsbloggers](#)

- [about 29 minutes ago](#) [@Meet Penny](#) I would say yes, yes you could :- ) [#hsbloggers](#)

- [about 29 minutes ago](#) [@Meet Penny](#) Most services offer free version as u build ur email list-When it gets lg (hopefully to pay for service) they charge [#hsbloggers](#)

- [about 30 minutes ago](#) [#Homeschool](#) [#Stress](#) [#Free](#) Today <http://t.co/Nh7edzGu> [#Giveaways](#) [#hsbloggers](#) [#hsmomma](#) 9PM ET

- [about 30 minutes ago](#) RT [@apichea](#): [@Meet Penny](#) depends on your POV - I'm a "it has to pay for itself" before I use it person [#hsbloggers](#)

- [about 30 minutes ago](#) [@2 to 1](#) I have over 2K subscribers through feedburner but wonder if I could make a paid service pay for itself with ads. [#hsbloggers](#)

- [about 31 minutes ago](#) RT [@WriteShop](#): [@Kris\\_WUHSMom](#) Oh, you have LOTS going for you! // Truth. [#hsbloggers](#)

- [about 31 minutes ago](#) [@Meet Penny](#) depends on your POV - I'm a "it has to pay for itself" before I use it person [#hsbloggers](#)

- [about 31 minutes ago](#) [@Kris\\_WUHSMom](#) Oh, you have LOTS going for you! [#hsbloggers](#)

- [about 31 minutes ago](#) [@Meet Penny](#) I think it will depend on who you ask. My opinion is use a free service first. [#hsbloggers](#)

- [about 31 minutes ago](#) RT [@MarcyKY](#): A new and growing place to share your giveaways-- and win a \$15 amazon GC! <http://t.co/Lg213fs6> [#giveaways](#) [#hsbloggers](#) [@HSGiveawayShare](#)

- [about 31 minutes ago](#) A5: At the very top and very bottom. [#hsbloggers](#)

- [about 31 minutes ago](#) My blog is not on my home page, so the only thing I want them to do on my home page is subscribe [#hsbloggers](#)

- [about 32 minutes ago](#) [@hsblogging](#) A5. Yes, I do have that going for me, at least. ;-)  
[#hsbloggers](#)

- [about 32 minutes ago](#) RT [@Meet Penny](#): Here is my question re:email subs. Is it worth it to invest in a paid service before you make \$ to cover it? [#hsbloggers](#)

- [about 32 minutes ago](#) [@hsblogging](#) A5: Not as obvious as I'd like. It's on my "blogging to-do" list... [#hsbloggers](#)

- [about 32 minutes ago](#) RT [@apichea](#): [@WriteShop](#) I have a separate list for my weekly newsletter also "exclusive" content for subs<<-- I like THAT [#hsbloggers](#)

- [about 32 minutes ago](#) Here is my question re:email subs. Is it worth it to invest in a paid service before you make \$ to cover it? [#hsbloggers](#)

- [about 32 minutes ago](#) RT [@hsblogging](#): Q5: Take a look at your blog - is your email subscription form obvious when you pull up your home page? [#hsbloggers](#)

- [about 33 minutes ago](#) A new and growing place to share your giveaways-- and win a \$15 amazon GC! <http://t.co/Lg213fs6> [#giveaways](#) [#hsbloggers](#) [@HSGiveawayShare](#)

- [about 33 minutes ago](#) Q5: Take a look at your blog - is your email subscription form obvious when you pull up your home page? [#hsbloggers](#)

- [about 34 minutes ago](#) [@mommyramblings](#) HIYA back!! :-) [#hsbloggers](#)

- [about 34 minutes ago](#) [@WriteShop](#) I have a separate list for my weekly newsletter - it includes links to posts, but also "exclusive" content for subs [#hsbloggers](#)

- [about 35 minutes ago](#) [@Something2Offer](#) We started our email newsletter before blogs began, so it's second nature to our biz [#hsbloggers](#)

- [about 35 minutes ago](#) [@Something2Offer](#) Mail Chimp makes it really easy. [#hsbloggers](#)

- [about 35 minutes ago](#) [@ordinary\\_mom](#) Yes, I have 3 ways to keep in contact, RSS feedburner, RSS thru aweber, email autoresponder (my fav) [#hsbloggers](#)

- [about 36 minutes ago](#) [@bowmania](#) Yes, hi there :-) [#hsbloggers](#)

- [about 36 minutes ago](#) [@apichea](#): [@hsblogging](#) A4: I have "weekly" newsletter I send out // How is this different from daily notifications of new posts? [#hsbloggers](#)

- [about 36 minutes ago](#) I find starting something new like a newsletter somewhat cumbersome & time consuming unless you have someone show you the ropes [#hsbloggers](#)

- [about 36 minutes ago](#) [@bowmania](#) I personally use a combination of FeedBlitz, FeedBurner, and MailChimp {different one for different lists} [#hsbloggers](#)

- [about 36 minutes ago](#) [@kris\\_wuhsom](#) Howdy! [#hsbloggers](#)

- [about 37 minutes ago](#) I loved the way [@probblogger](#) explained utilizing auto responders and email -helped me a lot [#hsbloggers](#)

- [about 37 minutes ago](#) [@kerrybeck](#) ah, sure, so your list is in addition to RSS subscribers, right? For extras... I need to think on this more! [#hsbloggers](#)

- [about 37 minutes ago](#) Q4 My newsletter is irregular. Sometimes every week, sometimes every other week, sometimes twice in 1 wk-depends on mktgplan [#hsbloggers](#)

- 
 • [about 37 minutes ago](#) [@2\\_to\\_1](#) \*waving\* HIYA!! [#hsbloggers](#)
- 
 • [about 37 minutes ago](#) [@Lisa\\_MarieF](#) Yes, agreed - I will unsubscribe if I get too many newsletters. [#hsbloggers](#)
- 
 • [about 38 minutes ago](#) [@hsblogging](#) A4: I have "weekly" newsletter I send out - lately, it's been more of a "monthly" mailing though! [#hsbloggers](#)
- 
 • [about 38 minutes ago](#) what do you use for email subscriptions and newsletters? [#hsbloggers](#)
- 
 • [about 38 minutes ago](#) Ah - daily RSS is different than a daily random newsletter. I think too often getting newsletters is a turn off actually. [#hsbloggers](#)
- 
 • [about 39 minutes ago](#) Q4: If you have a separate "newsletter" from your daily email subscription option, how often do you send it out? [#hsbloggers](#)
- 
 • [about 39 minutes ago](#) [@2\\_to\\_1](#) but you're here now :) [#hsbloggers](#)
- 
 • [about 39 minutes ago](#) I'm late, I'm late! For a very important date! [#hsbloggers](#)
- 
 • [about 39 minutes ago](#) [@hsblogging](#) wow! Thats good to know...I don't subscribe by email, so I honestly don't think much about it... [#hsbloggers](#)
- 
 • [about 39 minutes ago](#) [@Something2Offer](#) I use aweber. It offers a box to put in the right sidebar...or anywhere on my site. Many templates to choose [#hsbloggers](#)
- 
 • [about 39 minutes ago](#) [@hsblogging](#) MOST?! I did not know that, & would never have guessed it! [#hsbloggers](#)
- 
 • [about 40 minutes ago](#) Hidy~Ho! Nap time is over. Time to chat. [#hsbloggers](#)
- 
 • [about 40 minutes ago](#) YEA! RT [@WriteShop](#): I'm here! I'm here! [#hsbloggers](#)

- 
 • [Hella Myrning](#) [about 40 minutes ago](#) Did you use a pop-up box or special plug-in to get email subs in exchange for free printable? I have a few I'd like to offer. [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 41 minutes ago](#) I offer a daily RSS email subscription option // RT [@lisa\\_marief](#): Really? Daily Newsletters? [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 41 minutes ago](#) Pin it to win! [#Pinterest](#) [#giveaway](#) <http://t.co/FQy1KhVk> [#homeschool](#) [#hsmommas](#) [#hsbloggers](#) [#UHExpo](#)
- 
 • [WriteShop](#) [about 41 minutes ago](#) I'm here! I'm here! [#hsbloggers](#)
- 
 • [Hop](#) [about 41 minutes ago](#) [@ordinary\\_mom](#) according to LBB, most people read blogs {and share them} via email - especially less tech-savvy people! [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 41 minutes ago](#) [@apichea](#) I'm with you...weekly newsletter, not daily newsletter [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 42 minutes ago](#) [@HSchoolCanada](#) :) [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 42 minutes ago](#) [@ordinary\\_mom](#) My list doesn't read my blog in email. The email lets them know of giveaways, free workshops, new posts, etc [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 42 minutes ago](#) Really? Daily Newsletters? [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 42 minutes ago](#) [@hsblogging](#) "weekly" newsletters include links to other great blogs, highlighted resources, and additional subscription options [#hsbloggers](#)
- 
 • [Homeschool Canada](#) [about 42 minutes ago](#) [@Lisa\\_MarieF](#) helllooooo [#hsbloggers](#)
- 
 • [@lisa\\_marief](#) [about 42 minutes ago](#) RT [@kerrybeck](#): "the fortune is in the list"... pretty blunt, but businesses survive when they have a list [#hsbloggers](#) / True...
- 
 • [@lisa\\_marief](#) [about 42 minutes ago](#) Q3 We offer free activity guides, free workshops, special sales (on our resources & affiliate resources) [#hsbloggers](#)

- [about 43 minutes ago](#) [@hsblogging](#) daily emails include links to 'related posts' - need to update temp to include "ad" spots too [#hsbloggers](#)

- [about 43 minutes ago](#) [@hsblogging](#) I forget about it, mostly because I don't read blogs via email myself, so I forget that others do... [#hsbloggers](#)

- [about 44 minutes ago](#) A2 A couple of weeks ago, just before the latest newsletter was sent out. [#hsbloggers](#)

- [about 44 minutes ago](#) Q3: Do you "optimize" your emails to subscribers to include more than your latest posts/news? What do you include? [#hsbloggers](#)

- [about 44 minutes ago](#) RT [@2 to 1](#): RT [@brightideasteam](#): If you don't want facebook hiding us in your newsfeed, try this! [#2to1Conf](http://t.co/QBWa7eyy) [#hsbloggers](#)

- [about 44 minutes ago](#) Better late than never! Good Tuesday afternoon :) [#hsbloggers](#)

- [about 45 minutes ago](#) A2. I never actively promote email subscription, specifically. RSS and email equally. [#hsbloggers](#)

- [about 45 minutes ago](#) really need to do this... [#hsbloggers](#)

- [about 45 minutes ago](#) As they say, "the fortune is in the list" I know that's pretty blunt, but businesses survive when they have a list [#hsbloggers](#)

- [about 45 minutes ago](#) RT [@hsblogging](#): ...an email subscriber is a committed subscriber and a much more meaningful investment than FB or Twitter. [#hsbloggers](#)

- [about 45 minutes ago](#) RT [@brightideasteam](#): If you don't want facebook hiding us in your newsfeed, try this! [#2to1Conf](http://t.co/QBWa7eyy) [#hsbloggers](#)

- [about 46 minutes ago](#) [@hsblogging](#) Q2- I haven't done that yet! Need to think about doing that... [#hsbloggers](#) [#emaillist](#)

- [about 46 minutes ago](#) According to LBB, an email subscriber is a committed subscriber and a much more meaningful investment than FB or Twitter. [#hsbloggers](#)

- [about 46 minutes ago](#) Q2 This past September, I offered a free activity guide on apples, in exchange for their email [#hsbloggers](#)

- [about 48 minutes ago](#) [@hsblogging](#) Q1- no, this is something I haven't pursued yet... [#hsbloggers](#)

- [about 49 minutes ago](#) Q1 yes, I have a list of email subscribers. They keep our biz encouraged & profitable [#hsbloggers](#)

- [about 49 minutes ago](#) A1 - Yes, we send out a monthly newsletter. [#hsbloggers](#)

- [Hella Myrings](#) [about 49 minutes ago](#) I have my blog now set-up to automatically email any new posts, but no separate newsletters. Not sure my mom knows I blog? [#hsbloggers](#)
